

LOGISTICS EXPERT

Shape our global logistics network and drive continuous improvement across international supply chains.

Your Mission

As a Logistics Expert, you will be the central point of contact for logistics topics across our international locations and ensure efficient, reliable, and cost-effective transportation processes.

Key Responsibilities

- Coordinate and monitor international inbound and outbound shipments (land, ocean & air freight)
- Manage and collaborate with freight forwarders and logistics service providers
- Support and advise our locations across Europe, Asia, and the US
- Analyze logistics data, costs, and KPIs to identify optimization opportunities
- Support logistics tenders, supplier evaluations, and provider management
- Drive process standardization, digitalization, and continuous improvement initiatives
- Develop alternative transportation concepts and strengthen supply chain resilience
- Collaborate with cross-functional teams to ensure excellent service levels

What Makes This Role Exciting?

- Shape the transformation of an international logistics network
- Drive digitalization and data-driven decision-making
- Increase transparency and performance across global transportation flows
- Develop innovative and sustainable logistics solutions
- Contribute to resilient and future-ready supply chains

What You Bring

Education & Experience

- Degree in Logistics, Supply Chain Management, Business Administration, Engineering, or comparable qualification
- Several years of experience in logistics, transportation, freight forwarding, or supply chain operations
- Experience with international transportation networks and logistics service providers

Skills

- Strong analytical and problem-solving mindset
- Structured, proactive, and solution-oriented approach
- Excellent communication and stakeholder management skills
- SAP and advanced MS Excel knowledge
- Ability to manage multiple priorities independently

Languages

- Fluent English (written and spoken)
- German and additional languages are a plus

Mobility

- Willingness to travel occasionally within Europe
- Regular presence at our sites in Austria, Czech Republic, Germany, and Poland as required

We offer

- Hybrid working & flexible working hours
- Employee benefits and discount programs
- Health promotion initiatives
- Learning and development opportunities
- The chance to make a visible impact on our global logistics network

Location: 1100 Vienna

Annual gross salary: from EUR 57,482.76 (according to the collective agreement of the chemical industry, full-time)

Depending on your qualifications and experience, overpayment is possible – let's discuss your individual compensation package!

We look forward to receiving your online application!
