## AUSTRIAN CORPORATE GOVERNANCE CODE

In 2002 the Austrian Corporate Governance Code established a regulatory framework for the management and monitoring of Austrian joint stock companies. This code contains internationally adopted standards as well as significant related regulations stipulated in the Austrian Stock Corporation-, Stock Exchange-, and Capital Markets Acts and the basic principles encompassed in the OECD Guidelines for Corporate Governance.

These rules are aimed at ensuring the responsible management and supervision of companies and corporations, with the goal of achieving sustainable and long-term creation of value. The code seeks to create a high level of transparency for all company stakeholders. It creates guidelines for the equal treatment of all shareholders, for transparency, open communication between the Management and Supervisory Boards, the avoidance of conflicts of interest between bodies, and efficient monitoring by the Supervisory Board and the auditor.

Companies voluntarily undertake to comply with the guidelines contained in the current version of the Austrian Corporate Governance Code. The version of the code that was applicable in the 2013 financial year was published in July 2012 and takes into account the 2nd Stability Act of 2012. The Austrian Corporate Governance Code can be viewed on the "www.corporate-governance.at" website.

## STATEMENT ON CORPORATE GOVERNANCE

The Semperit Group hereby declares that it will voluntarily observe the Austrian Corporate Governance Code and that it also intends to observe the code in the future, or justify any deviations from it. The Supervisory Board also reached a corresponding unanimous decision. Semperit AG Holding complies with all legally binding L-rules (Legal Requirements). Unless otherwise declared, the C-rules (Comply or Explain) will be observed by the relevant bodies and the company.

### Composition and function of the Management Board

The Management Board consists of three members. It has full responsibility for managing the company for the benefit of the enterprise while taking into account the interests of shareholders and employees as well as the public interest (L-rule 13).

Internal rules of procedure govern the allocation of business responsibilities and cooperation between members of the Management Board. Decisions of primary importance are taken by the Management Board as a whole. The Management Board itself takes full responsibility for communication tasks that have a significant impact on how the company is perceived by its stakeholders. Legally binding regulations, the Articles of Association, and the internal rules of procedure laid down by the Supervisory Board form the basis for corporate management. In addition, behavioural guidelines are also contained in the Austrian Corporate Governance Code.

## SUPERVISORY BOARD

The Supervisory Board consists of six shareholder representatives and three employee representatives. The Supervisory Board has resolved to establish the following committees consisting of its own members to carry out specific functions: Executive Committee, Remuneration Committee, Audit Committee, Nominating Committee, and Strategy Committee. The authority to make decisions and pass resolutions rests in the hands of the entire Supervisory Board. The Supervisory Board supervises the Management Board and supports it in managing the company, particularly when decisions of primary importance are to be made.

### Meetings of the Supervisory Board and its committees

The Supervisory Board convened for five meetings during the 2013 financial year. No member of the Supervisory Board attended less than 50% of the meetings in the course of 2013.

The Audit Committee led by Veit Sorger carried out its activities in accordance with prevailing legal regulations (three meetings), and in particular dealt with the 2012 annual and consolidated financial statements, risk management, corporate governance, and preparation for the audit of the annual and consolidated financial statements for 2013.

The Nominating Committee under the chairmanship of Veit Sorger, met once to deal with appointments for Supervisory Board positions becoming vacant and regarding issues in connection with the extension of the Management Board mandate for Thomas Fahnemann and Johannes Schmidt-Schultes.

The Strategy Committee led by Veit Sorger met once to deal with fundamental questions about the strategic development of the group.

The Remuneration Committee, chaired by Veit Sorger, held five meetings, at which it discussed the objectives of the members of the Management Board and the remuneration system for Management Board members.

In the 2013 financial year, the Supervisory Board conducted a self-evaluation for a second time by distributing a questionnaire focused on issues such as the control function of the Supervisory Board towards the Management Board and the Management Board's adherence to its information-notification duties towards the Supervisory Board. An external provider performed the anonymous evaluation of the questionnaires completed by the Supervisory Board members. The results of the self-evaluation show that the activities of the Supervisory Board are assessed to be good.

The Supervisory Board implemented individual suggestions for improvement from the 2012 self-evaluation process. In addition, a catalogue of measures was established aimed at achieving an even further improvement in the efficiency of the Supervisory Board's activities.

### Guidelines for the independence of Supervisory Board members

A member of the Supervisory Board shall be deemed independent if he/she has no business or personal relations with the company or its Management Board that would constitute a material conflict of interest and could thus influence the member's behaviour.

In evaluating the independence of a Supervisory Board member, the Supervisory Board uses the following guidelines, which correspond to those contained in Appendix 1 of the July 2012 version of the Austrian Corporate Governance Code:

- The Supervisory Board member shall not have served as a member of the Management Board or as a senior manager of the company or one of its subsidiaries in the past five years.
- The Supervisory Board member shall not maintain or have maintained in the past year any business relations with the company or one of its subsidiaries to an extent of significance for the Supervisory Board member. This shall also apply to business relationships with companies in which the Supervisory Board member has a considerable commercial interest, but not for performance of corporate-body activities in the group. According to L-Rule 48, the approval of individual transactions by the Supervisory Board does not automatically mean that the person is deemed to be not independent.
- The Supervisory Board member shall not have been the auditor of the company or have owned a share in the auditing company or have worked there as an employee in the past three years.
- The Supervisory Board member shall not be a member of the Management Board of another company in which a Management Board member of the company is a Supervisory Board member.
- The Supervisory Board member shall not serve on the Supervisory Board for more than 15 years. This limitation does not apply to Supervisory Board members who are shareholders in a corporate holding or who represent the interests of such shareholders.
- The Supervisory Board member shall not be a close relative (direct offspring, spouse, partner, parent, uncle, aunt, sibling, niece, nephew) of a Management Board member or of persons in one of the aforementioned positions.

### COOPERATION BETWEEN THE MANAGEMENT AND SUPERVISORY BOARDS

The strategic direction of the company is determined in close cooperation between the Management Board and the Supervisory Board and is discussed in Supervisory Board meetings held at regular intervals. The Supervisory Board determines the division of departments and responsibilities in the Management Board, as well as decides those transactions requiring its explicit authorisation in accordance with statutory provisions. Furthermore, the Supervisory Board supports the Management Board in managing the company, particularly when decisions of primary importance are to be made.

## REMUNERATION OF THE MANAGEMENT BOARD

The remuneration of the Management Board encompasses a fixed salary component, a short-term variable, performance-based component, and a long-term variable, performance-based component, as well as remuneration in kind. The assessment for the short-term variable, performance-based salary component of the Management Board is based on net profit (earnings after tax), the return on total assets and personal, qualitative targets.

In line with the stipulations contained in the Austrian Corporate Governance Code, a variable, performance-based salary component has now been integrated into the remuneration of all Management Board members. This is linked to the achievement of sustainable, long-term and multi-year performance criteria. Based on the achievement of the targeted objectives, this bonus is subsequently determined for the past financial year and paid in three equal instalments over a period of three years. If the pre-defined goals are not attained, no bonus is assigned to the variable remuneration category, or, in the case of a premature termination of the Management Board mandate, the remaining unpaid share of the bonus is completely cancelled.

In addition, in financial year 2013 payments amounting to EUR 271 thousand were made to the former Management Board member Richard Stralz. In 2012 payments totalling EUR 847 thousand were made on termination of his employment relationship.

In the case of termination of the employment contract of a Management Board member, the respective member is entitled to a severance payment in accordance with the Salaried Employees Act or the Corporate Employee and Self-Employed Pension Act. A Directors and Officers (D&O) insurance has been taken out for the members of the Management Board and senior executives – no deductible is due from Management Board members in the event of a claim; the company bears the related costs.

## REMUNERATION OF THE SUPERVISORY BOARD

On 30 April 2013 the Annual General Meeting resolved the following components for the remuneration of members of the Supervisory Board for the financial year 2012:

- Base remuneration of EUR 20,000 (additional premium of 50% for the Chairman and 25% for the Deputy Chairman)
- Remuneration of EUR 2,500 per each membership in a committee

## COMPLIANCE DIRECTIVE

In order to implement and ensure compliance with all relevant securities regulations, Semperit has issued its own Compliance Policy designed to prevent the misuse or dissemination of insider information. Compliance is monitored and administered by a specially designated Compliance Officer who reports directly to the Management Board. The Compliance Directive can be viewed at the following link:

[www.semperitgroup.com/en/ir/corporate-governance/compliance-code](http://www.semperitgroup.com/en/ir/corporate-governance/compliance-code).

## CODE OF CONDUCT

In order to strengthen and expand existing compliance tools beyond securities compliance, in 2012 a compliance organisation was implemented that covers all corporate units. A Group Compliance Officer receives support in fulfilling his responsibilities from 15 compliance officers working in the largest subsidiaries of the Semperit Group. The Group Compliance Officer reports any incidents to the Compliance Committee, which is directly subordinate to the Management Board. The Compliance Committee meets regularly twice a year and also on an ad-hoc basis.

The Code of Conduct that was adopted in 2012 applies to all employees and managers. Its most important objectives are to avoid corruption, money laundering, human rights violations and insider trading. In addition, it deals with aspects of data protection, export restrictions and the protection of the interests of all stakeholders. These requirements for behaviour are further specified in thematic compliance guidelines that are available to all employees in more than ten languages. The contents of these guidelines are also taught in regular training sessions. The employees were instructed profoundly and close to practice in totally about 30 coachings focusing on all matters stipulated in the Code of Conduct. Additionally, they were informed timely and regularly about current issues and particular incidents. The Code of Conduct can be viewed at the following website:

[www.semperitgroup.com/en/ir/corporate-governance/code-of-conduct](http://www.semperitgroup.com/en/ir/corporate-governance/code-of-conduct).

## ADVANCEMENT OF WOMEN

In keeping with its self-understanding as a fair and responsible employer, Semperit would like to steadily expand equal opportunity within the company. As a traditional industrial company with a technical focus, the share of women in Austria was somewhat more than 20% at the end of 2013; group-wide, the percentage stood at more than 35%. The share of women in management (Management Board, Executive Committee, department heads) totalled 13%. Using flexible work models such as flexitime and part-time work, as well as special arrangements for employees with young children, the group aims to continuously increase the proportion of female employees.

## DIRECTORS' DEALINGS

In accordance with Section 48d of the Austrian Stock Exchange Act, share purchases or sales by members of the Management and Supervisory Boards must be reported to the Austrian Financial Market Authority within five working days following conclusion of the transaction and published on its website at: [www.fma.gv.at/en/companies/issuers/directors-dealings/directorsdealings-database.html](http://www.fma.gv.at/en/companies/issuers/directors-dealings/directorsdealings-database.html).

## INTERNAL AUDIT & RISK MANAGEMENT

The Internal Audit & Risk Management department reports directly to the Management Board and prepares an audit plan and an annual activity report for the previous financial year. The Management Board discusses these reports with the members of the Supervisory Board. In addition, the department performs risk management tasks. This includes, in particular, the central coordination and monitoring of risk management processes for the group as a whole, as well as risk assessment and comprehensive reporting to the Management and Supervisory Boards. The effectiveness of the company's risk management system is evaluated by the group's auditor on the basis of the reports and other documents provided. The auditor's report is presented to the Management Board as well as to the Supervisory Board.

The purpose of the Internal Control System (ICS) of the Semperit Group is to ensure the effectiveness and efficiency of business operations, the reliability of financial reporting, and adherence to applicable laws and regulations. It also supports the early recognition and monitoring of risks from inadequate monitoring systems and fraudulent actions and is revised and expanded on an ongoing basis by the Internal Audit & Risk Management department together with the relevant specialist departments. Accordingly, in 2013 the accounting-related processes were subject to another comprehensive, systematic review, with Internal Audit & Risk Management taking the lead role, in order to ensure an effective ICS. All companies in the group throughout the world are required to comply with the minimum standards derived from this review. In 2013 these standards were rolled out to Europe, with additional countries to follow in 2014.

## EXTERNAL EVALUATION

In accordance with R-Rule 62 of the Austrian Corporate Governance Code, the Semperit Group engages an external institution to evaluate its compliance with the stipulations contained in the code and the accuracy of its related public reporting. This evaluation, which was most recently performed by KPMG at the start of 2011, did not identify any facts inconsistent with the declaration of the Management Board and Supervisory Board found in the Corporate Governance Report of the company with respect to its compliance with the C-Rules and R-Rules of the Austrian Corporate Governance Code. In accordance with R-Rule 62, a new evaluation will take place in 2014.

# REPORT OF THE SUPERVISORY BOARD

## Dear Sir or Madam,

In the 2013 financial year the Semperit Group achieved the best results in the company's history despite varying degrees of regional uncertainty throughout the world. In addition to the revenue and earnings strength of all the segments, the focused integration of Latexx Partners in Malaysia also contributed to this success. Revenue improved by more than 9%, while EBITDA, EBIT and earnings after tax posted solid double-digit growth rates.

The Supervisory Board held five meetings during the 2013 financial year, fulfilling the duties required of it by law and the company's statutes. In addition to the aforementioned acquisition, these meetings focused primarily on business performance, the strategic development of the group, and key business events and measures.

In three meetings during the reporting year the Audit Committee dealt in particular with the 2012 annual and consolidated financial statements, risk management, corporate governance and preparations for the 2013 audit of the annual and consolidated financial statements. Based on the efficient auditing process for the 2013 financial statements, the Supervisory Board will recommend to the Annual General Meeting that the Ernst & Young Wirtschaftsprüfungsgesellschaft m.b.H., Vienna, be appointed as auditor for the 2014 financial year.

The Nominating Committee met once during the reporting year to deal with appointments for Supervisory Board positions becoming vacant and regarding issues in connection with the extension of the mandates in the Management Board of Thomas Fahnemann and Johannes Schmidt-Schultes. In 2013 the Strategy and Remuneration Committees held one and five meetings, respectively.

The Management Board keeps the Supervisory Board informed of business developments with a regular monthly report. In-depth documents about the group are made available in a timely manner in advance of these Supervisory Board meetings. Between these meetings, the Management Board also reports to the Executive Committee regularly on the progress of the business and the situation of the company.

The annual financial statements of Semperit AG Holding, including the management report, were audited on the basis of the company's accounting records by the auditor Ernst & Young Wirtschaftsprüfungsgesellschaft m.b.H. of Vienna. The auditor confirmed that the annual financial statements comply with statutory regulations, that they give a true and fair view of the company's assets and financial position on 31 December 2013 and of the company's earnings for the financial year from 1 January 2013 to 31 December 2013 in compliance with generally accepted Austrian accounting principles, and that the management report is consistent with the annual financial statements. Furthermore, the auditor confirmed

Veit Sorger,  
Chairman Supervisory Board

that a Corporate Governance Report has been prepared. The auditor issued an unqualified audit opinion on the annual financial statements for 2013.

Ernst & Young Wirtschaftsprüfungsgesellschaft m.b.H. of Vienna audited the consolidated financial statements, which were prepared in compliance with International Financial Reporting Standards (IFRS) as they are applied in the EU, and the group management report which was prepared in accordance with the Austrian Commercial Code (UGB). The auditor confirmed that the consolidated financial statements give a true and fair view of the group's assets and financial position on 31 December 2013 and of the group's earnings and cash flows for the financial year from 1 January 2013 to 31 December 2013, and that the group management report is consistent with the consolidated financial statements. The auditor issued an unqualified audit opinion on the consolidated financial statements for 2013.

The Audit Committee of the Supervisory Board closely reviewed the annual financial statements as well as the Corporate Governance Report, the consolidated financial statements and the auditor's reports in its meeting held on 18 March 2014, and discussed the results of the audit in detail with the auditor.

The Supervisory Board has examined the annual financial statements, the consolidated financial statements, the management report, and the group management report, and concurs with the conclusions of the auditor. The Supervisory Board formally approves the annual financial statements for the 2013 financial year, which are consequently adopted in accordance with Section 96 Para. 4 of the Austrian Stock Corporation Act. The management report, consolidated financial statements, and the group management report for 2013 have been approved by the Supervisory Board.

The Supervisory Board accepts the Management Board's proposal on the distribution of profits, according to which a dividend of EUR 1.20 (ordinary dividend of EUR 0.90 and a special dividend of EUR 0.30 in celebration of the group's 190-year anniversary) per eligible share is to be paid from Semperit AG Holding's reported net profit for the year of EUR 24,754 thousand, with the remaining profit carried forward.

On behalf of the entire Supervisory Board, I would like to thank the Management Board and all members of staff for their commitment and the very good results they achieved for the financial year. I would also like to thank the shareholders and customers of the Semperit Group for the faith they have placed in the company. At the same time, they may rest assured that every effort will be made to continue the success of the company.
